THE SUCCESS STORY

THE ART DE VIVRE IN REFINEMENT

For years, PRESTIGE has been designing yachts with a unique concept, featuring generous, functional, ergonomic living spaces.

With purposeful innovation at the heart of PRESTIGE for 35 years, we are constantly evolving to meet the needs of our customers. Now, PRESTIGE is offering an all-new generation of flybridge, introducing a new hull, interior and exterior design, and a timeless silhouette.

This new generation of flybridge combines the heritage of the PRESTIGE F-LINE with major developments in layouts and an unrivalled level of fit and finish.

A MOVE UPMARKET WITH THE F4.9

Combining elegance and refinement, the PRESTIGE F4.9 was born.

The F4.9 is the first model of a new generation of F-LINE flybridge.

This new model seduces with its revolutionary design, its curves and its layout, enhancing comfort and ease of life on board, where you feel at home.

Special care has been taken in the selection of new fabrics, defining the character of the yacht with rich finishes. Each living space, every curve, has been carefully considered to meet the increasing market demands.

Inscribed in an authentic new generation of flybridge yachts : *a true favorite.*

A NEW IDENTITY

The F4.9 features an all-new hull, designed by Michael Peters, with a more pronounced V, providing unparalleled stability and cruising comfort.

A new exterior design is inspired by the movement of water, with elegant, dynamic curves. Windows in the hull bathe living spaces in natural light. The new fashion plate of the F4.9, appearing on either side, marks the strong identity of this all-new generation.

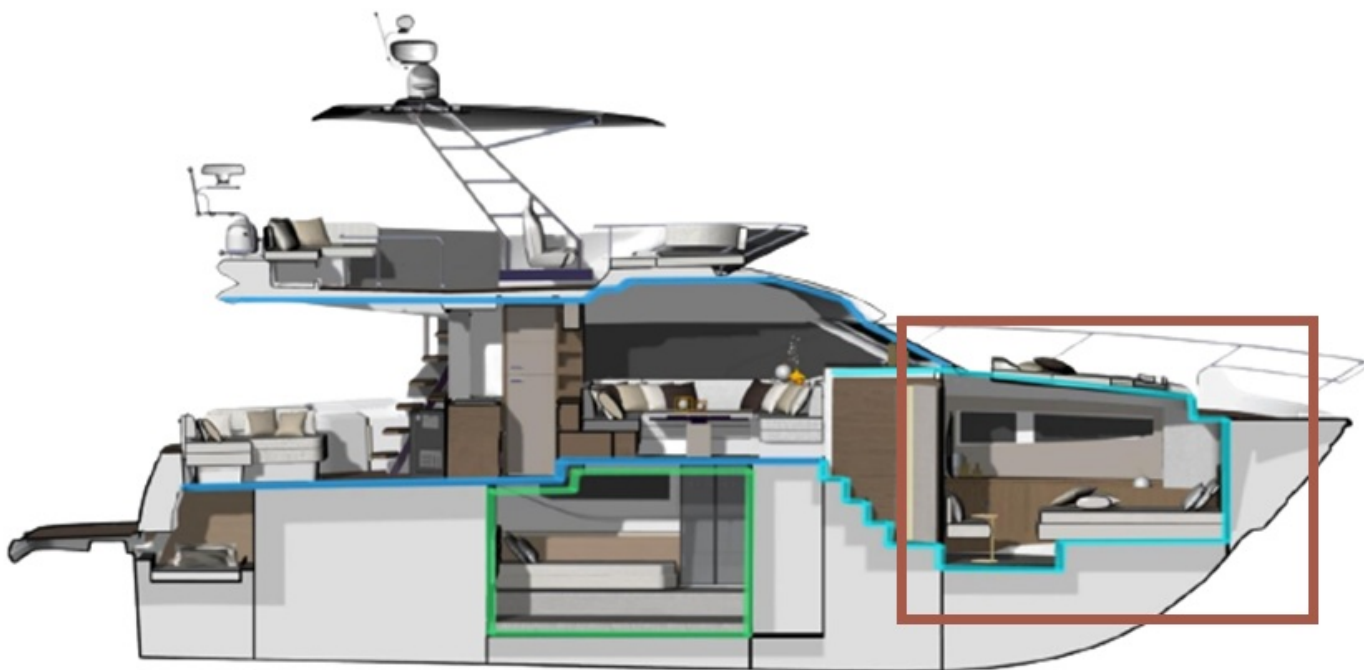

AN UNCOMMON LAYOUT

THE F4.9 SURPRISES WITH NOTABLE INNOVATIONS

Private access to the owner's suite has been reimagined, reinventing a key feature aboard a PRESTIGE. Forward, on a semi-main deck, the owner's suite is located far from the engine room and from the guests' quarters, offering a serene, private space. Furnished with a king-sized bed, this bright and functional interior living area is unique on the market.

At dusk, recessed lighting in the ceiling glows, imitating the movement of water.

A NEW WAY TO LIVE ON BOARD

A REVOLUTIONARY CONCEPT: THE OCEANVIEW GALLEY

Unique on the market, the Oceanview galley is oriented both toward the sea and the cockpit, creating a versatile space for entertaining.

Considered the center of life on board, this brand-new galley features direct access to the exterior via the opening sliding glass door.

The Oceanview Galley: a unique layout for the F4.9

EXTERIOR AND INTERIOR DESIGN: THE FRENCH RIVIERA

The French Riviera, where the sea reflects the colors of the facades, of the sky and natural landscapes...

This iconic region has inspired the style, the refined lines, and the smallest details of the F4.9, a yacht designed to experience unforgettable moments with family in the world's most spectacular destinations, such as the Côte d'Azur.

The F4.9 offers a unique experience: a gentler way of life, in proximity to the sea...

*It's all about **Art de Vivre** at PRESTIGE.*

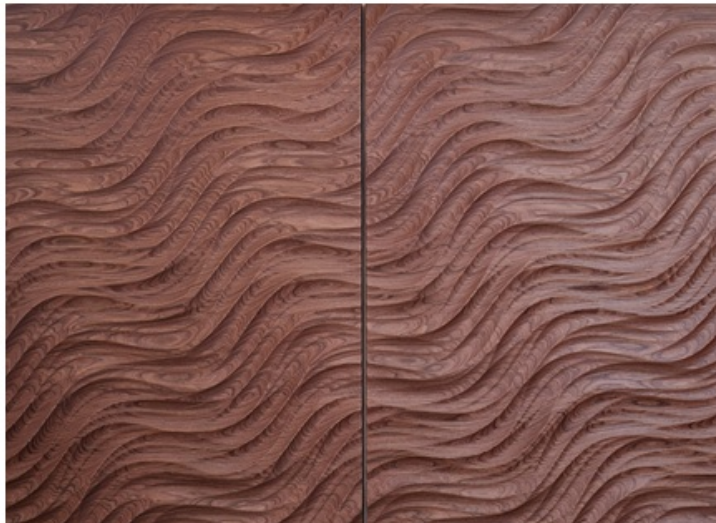

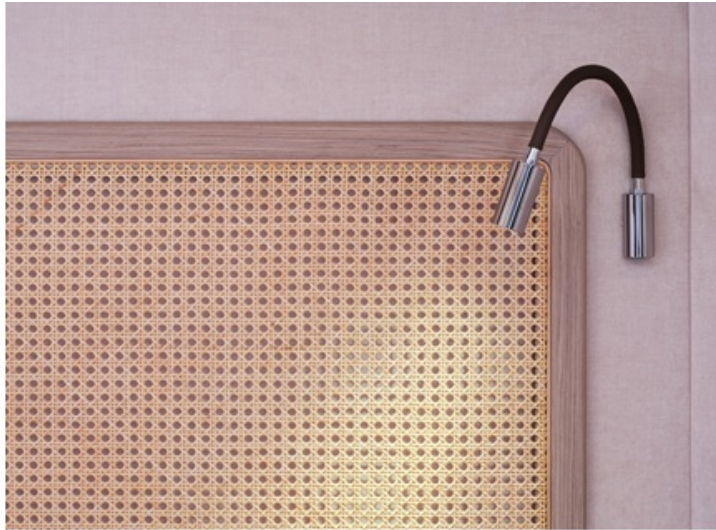

A DESIGN WITH CAPTIVATING LINES

A streamlined design draws the eye to the F4.9's sumptuous details, soft curves, and fine finishes to enhance your sense of well-being on board.

Aboard this all-new flybridge, rich materials include elegant countertops in natural stone or curved wood, imitating the movement of water, as well as curved light signatures on the ceiling and rattan furnishings in the cabins.

A perfect combination of comfort and contemporary style, **aboard the F4.9, you feel right at home.**

DURABLE MATERIALS

In addition to offering harmoniously designed spaces, some fabrics are from manufacturers committed to minimizing carbon footprints: through product innovation and sustainable production processes.

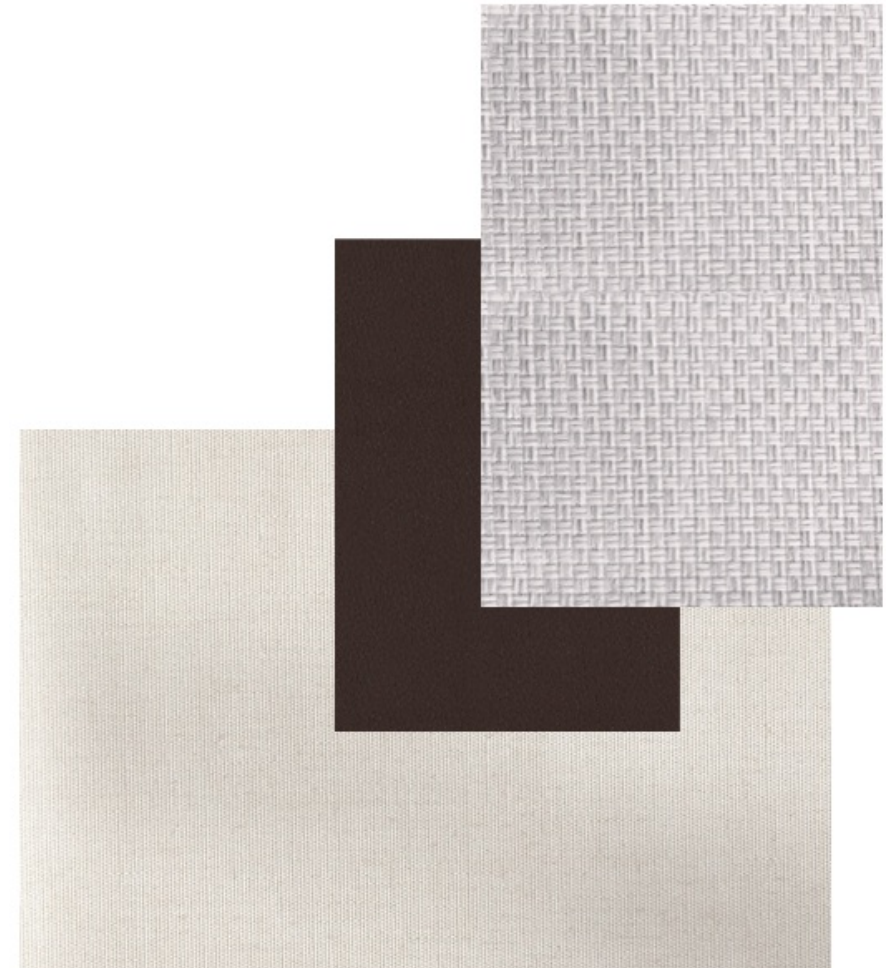

F4.9 offers recycled materials that contain sustainable components and are manufactured in an environmentally-friendly manner.

PRESTIGE therefore offers innovative, sustainable materials that meet customer expectations, while remaining respectful of nature.

ENVIRONMENT COMPOSITION

OEKO-TEX, Confidence
in textiles

Reach COMPLIANCE, the
substance can be safely used
without harming the end
customer.

DURABLE MATERIALS

crevin

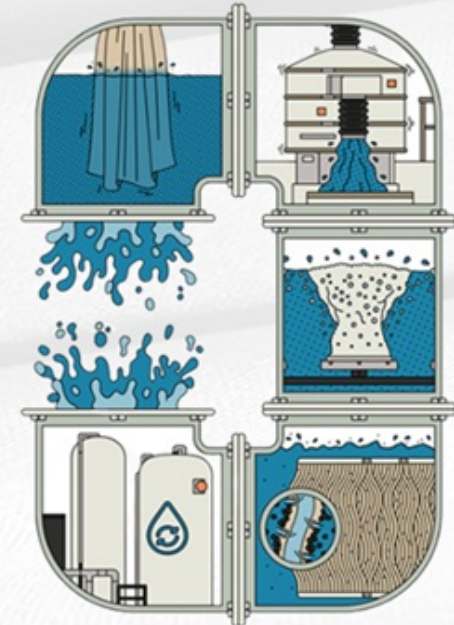

Manufacturing eco-responsible

Crevin recycles over 80% of the water used in its manufacturing process

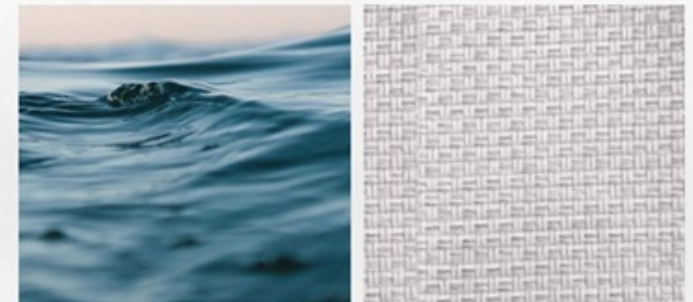

For a better experience

As one of the few systems of its kind in Europe, their wastewater ultrafiltration system can save up to 90,000 liters of water per day.

By choosing manufacturers like Crevin, we can do our bit for the environment and act responsibly.

Ultrafiltration system

DURABLE MATERIALS

- ♻️ Carbon-neutral production process
- ♻️ Recovery of drinking water
- ♻️ Recycling and reuse
- ♻️ Compliance with European REACH and ROHS directives

Spardling uses the least polluting energy source available: recycled thermal oil, which efficiently returns clean air to the environment.

Emissions are purified before discharge, removing 99% of impurities..

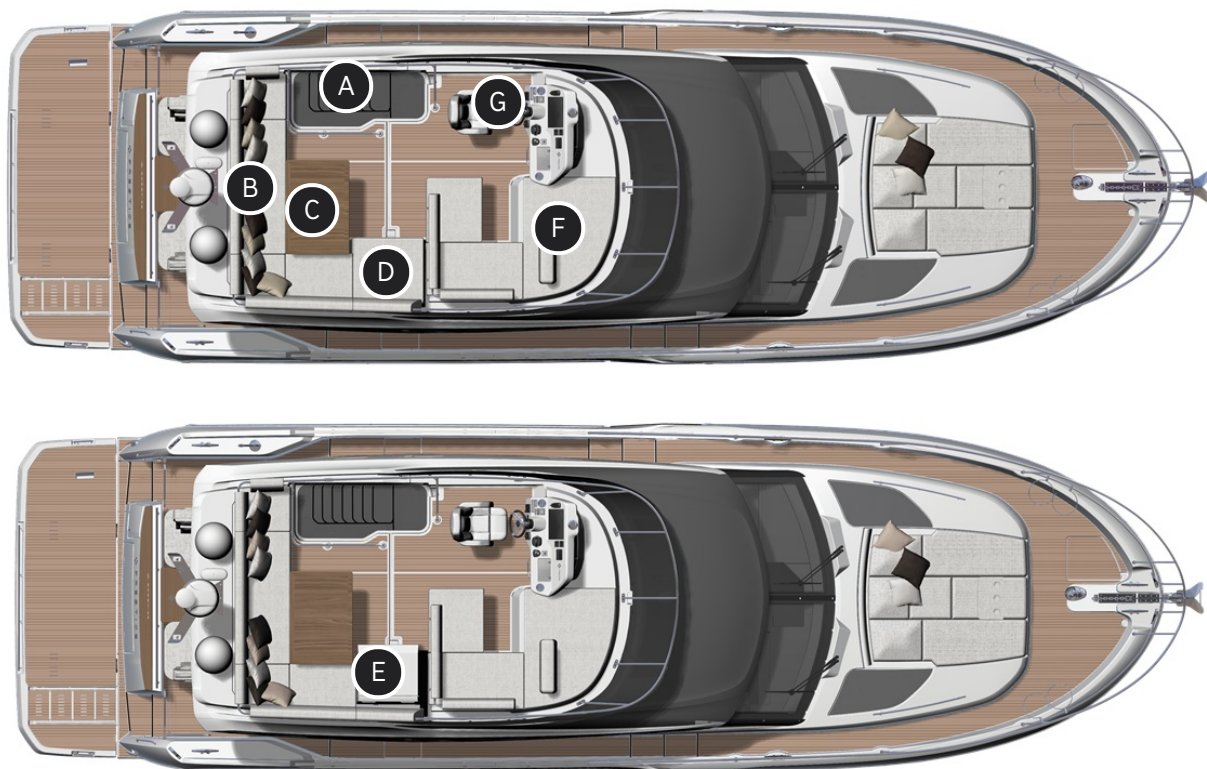

KEY FEATURES

- A Option: Hardtop or Bimini
- B Fully-featured flybridge
- C A opening cockpit oriented towards the sea
- D Access to the sidedeck by a lateral sliding door on starboard

A FUNCTIONAL FLYBRIDGE

- A** Access to the Fly from the cockpit via a secure staircase
- B** L shaped sofa: storages accessible under the seats, thanks to a trapdoor
- C** Fixed table, that unfolds
- D** Standard: XXL sofa
- E** Option: fully equipped galley (sink, grill and fridge)
- F** Huge sun loungers (2 positions: co-pilote seat or additional seating to create a large sunbathing area)
- G** Fully equipped main steering station

A FUNCTIONAL FLYBRIDGE

A functional and spacious flybridge, allowing an easy circulation

- Hardtop or Bimini in option
- Large sun lounger on forward, in standard
- Galley in option
- Iro-Deck in option
- Innovative helm station with integrated led, new design: *Helm console with engine throttles and maneuvering joystick, full engine instrumentation, compass, cup holders and storage compartment*
- Rear dinette with fold-down table

A FUNCTIONAL FLYBRIDGE

A SPACIOUS FOREDECK

- A Option: Deck canopy to be protected by the sun
- B Sun loungers for 3 people with ajustable backrests (2 positions)
- C Removable sun loungers: bring natural light natural light into the owner suite thanks to 3 skylights
- D Storages
- E Option: Brackets for 4 fenders
- F Sidedeck with 2 steps to access to the foredeck from the cockpit

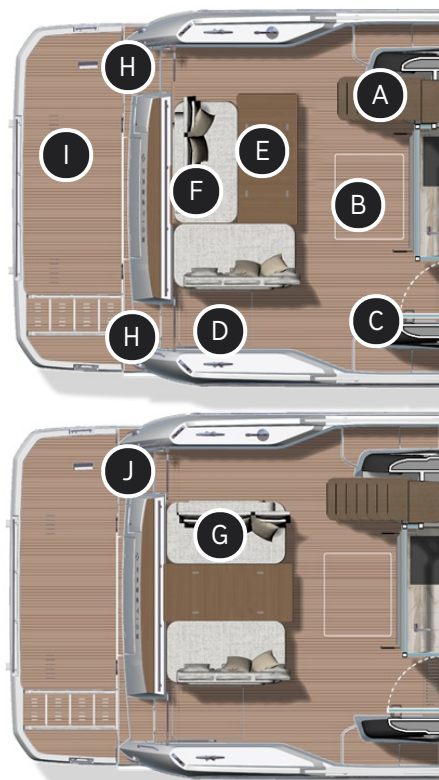

A SPACIOUS FOREDECK

OPTION: DECK CANOPY TO BE PROTECTED BY THE SUN

COCKPIT ORIENTED TOWARDS THE SEA

- A** Staircase to access to the fly / Standard: storages under the staircase / Option: icemaker
- B** Access to the engine room
- C** Option: 3e joystick control
- D** Storage (standard) or access to the skipper cabin (option)
- E** Standard: telescopic table convertible into sun loungers (6 people)
- F** Standard: Large, warm and comfortable L-shaped cockpit bench seat
- G** Option : Vis-à-vis bench seats
- H** Double entrance to cockpit from platform
- I** Option: Large hydraulic platform with auto-steps for easy dinghy handling and fast, pleasant access to the sea.
- J** Option: Integrated hydraulic telescopic gangway

COCKPIT ORIENTED TOWARDS THE SEA

The F4.9 purpose a spacious and comfortable exterior living space to live unforgettable family moments.

This cockpit oriented towards the sea, promises an exceptional setting for an infinite perception of the ocean.

SOFAS IN VIS-À-VIS VERSION (OPTION)

AFT STORAGE COMPARTMENT

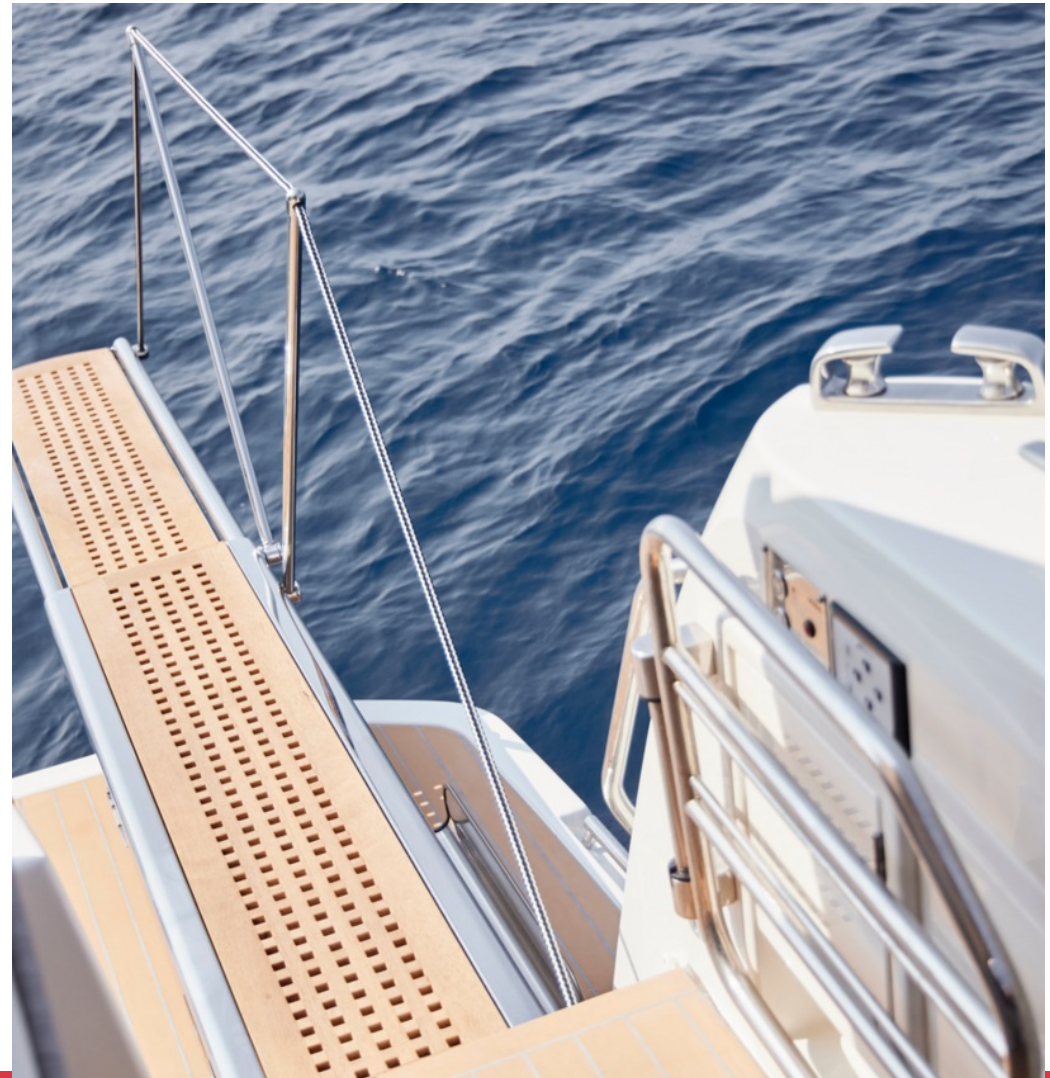

PLATFOME

- STANDARD: Fixed bathing platform
- OPTION: Hydraulic bathing platform with auto-steps

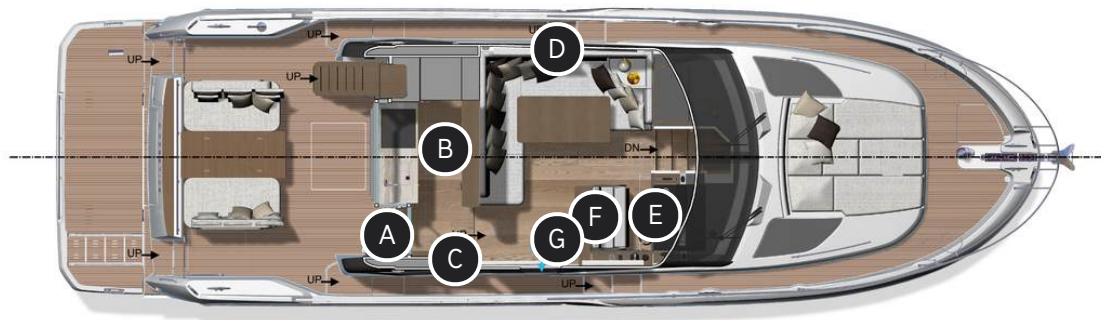

New system to half the gap between the rear of the yacht and the edge of the platform when in the water (technical part not visible and safer).

- Storage locker in the back
- Storage for AC shore power system

OPTION : HYDRAULIC BATHING PLATFORM WITH AUTO-STEPS

MAIN DECK

- A** Entrance door "like at home" to access to the saloon from the cockpit
- B** "Oceanview" galley: open to the cockpit
- C** Starboard side door for access to the sidedeck
- D** Option: sliding window on port side
- E** Fully equipped helm station
- F** Pilot bench for 2 people
- G** Bar furniture (glass and bottle storage)

Numerous openings allow fluid circulation and natural ventilation

AN APPARTMENT ON THE WATER

- **A modern design** at once comfortable and with refined finishings
- **Soft** colors
- **Fluid circulation:** Flush entrance
- **360° vision** thanks to the large panoramic windows
- Curves of light on the ceiling, remembering **the movements of the sea**

OPTION: SAND OAK

A CIRCULAR VISION

A large saloon offers an exceptional view on the sea, thanks to the large panoramic windows.

On starboard, a side door to access to the side deck, allows an easy circulation with a natural ventilation.

- The huge "C-shaped" sofa with a large seat at the back, offer a convivial space and a spacious and comfortable co-pilot area for the navigation and relaxing moments
- Telescopic saloon table
- Manual grip to deploy TV on port side

OPTION : SAND OAK INTERIOR WOODWORK

AN APPARTMENT ON THE WATER

TV

HELM STATION

The interior helm station has been reinvented with an innovative and practical way for a comfortable navigation:

- **Fixed pilot bench for 2 people**
- Helm console with engine throttles and maneuvering joystick
- Full engine instrumentation
- Compass
- Cup holders and storage compartment
- USB sockets

OPTION : SAND OAK INTERIOR WOODWORK

AN OCEANVIEW GALLEY

STANDARD:

- 3 zone induction cooktop
- Fridge (176 L / 47 US Gal) dual voltage
- Freezer (42 L / 11 US Gal) dual voltage
- Mixing tap
- Stainless steel sink with protection to close
- Storages
- Combination microwave / grill
- Sliding door window to the exterior

OPTION:

- Dishwasher
- Combination microwave / oven

LOWER DECK

3 CABINS, 2 BATHROOMS AND 1 SKIPPER CABIN (OPTION) VERSION

- A** Direct access (semi-main deck) to the owner's suite
- B** Large owner's suite with a "King Size" bed
- C** Sofa in the owner's suite
- D** Private owner's bathroom with separate shower, flush access
- E** VIP cabin with sliding beds
- F** Guest's bathroom with separate shower
- G** Guest cabin with 2 simple beds
- H** Skipper cabin with bathroom and WC (option)

AN INTIMATE OWNER'S SUITE

Thanks to the semi-main deck layout of the owner's suite, this ensures unrivalled privacy. Far from other cabins, far from the quay and far from the engine room, the owner's suite is remarkably quiet and discreet.

It is bathed in natural light thanks to the ceiling lights and hull windows.

AN INTIMATE OWNER'S SUITE

- **The private access** to the owner's suite is flush, no steps: a "like at home" circulation
- A large King Size bed: unique for a model of this length
- Storages under the bed
- Little sofa with table
- A pretty walk-in-closet (2 doors)
- Option: electronic safe
- High headroom (almost 2m at the foot of the bed)
- Flush access to the private bathroom with a sliding door
- 3 deck windows for more luminosity (central opening window)

OWNER'S BATHROOM

- Counter top with double basin in corian
- Separate shower
- Lots of storage space

VIP STATEROOM

VIP stateroom: at a lower level as the owner's suite.

- 2 sliding beds: 2 simple beds or 1 big bed
- Walk-in-closet
- Storages under the beds

GUEST STATEROOM

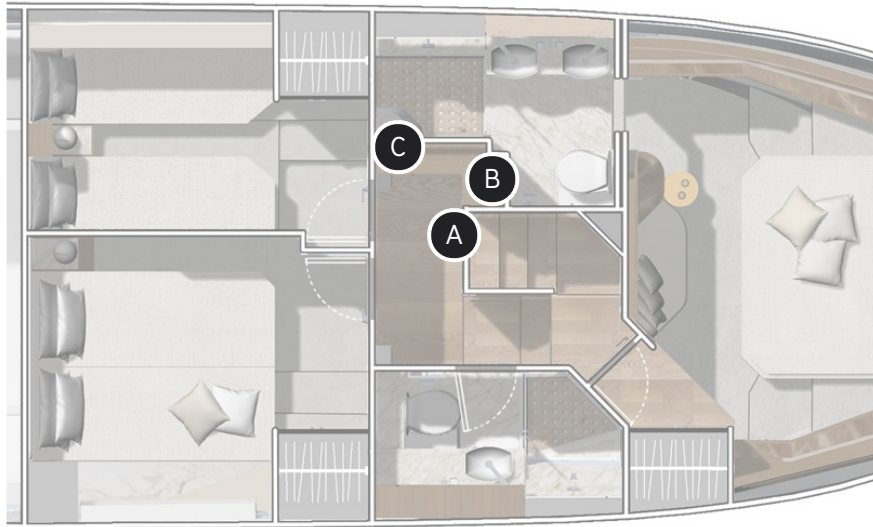

Guest stateroom in port side

- 2 separated simple beds
- Double door walk-in-closet

CORRIDOR

THE SPACE CONNECTING THE GUEST CABINS HAS BEEN OPTIMIZED TO OFFER A SPACIOUS CORRIDOR

- A** STANDARD: Storages / Option : washing machine
- B** OPTION: cordless vacuum cleaner
- C** STANDARD: Storages

CORRIDOR

- Washing machine
- Vacuum

GARMIN®

PRESTIGE F4.9 - ELECTRONIC PACK

GPSMAP® 1223/1223xsv

- **12" full HD IPS touchscreen display**
- Built-in 10Hz GPS/GLONASS/GALILEO receiver
- **Built-in Wi-Fi® for ActiveCaptain™ connectivity**
- **Radar compatible**
- NMEA® 0183 and NMEA® 2000 compatible
- **AMS Compatible**
- Xsv version includes a built-in **Traditional sonar** and **ClearVü/SideVü** scanning sonar with CHIRP technology
- Transmit power: 1 kW RMS (8000 W peak-to-peak)

Airmar Transducer B60

- Thru-hull transducer
- Tilted element : 20°
- Traditional sonar : **HD-ID 600W**
- **Water temperature sensor**

Reactor™ 40 Volvo Penta

- **Developped in close partnership with Volvo Penta**
- **Solid-state 9-axis AHRS**, reacts to the sea to hold course, even when the boat is unstable
- Minimises heading error, course deviation, rudder movement, power consumption, while providing a comfortable ride
- Minimal commissioning and calibration
- Provides advanced features to compatible Garmin chartplotters such as route following, route engage, and Autopilot Virtual Device

VHF 315i / VHF 315

- Up to 25W transmission output
- **All functions and settings are managed via the GHS 11i/GHS 11**
- 4" active speaker with volume knob (supplied)
- Initiate a VHF call directly from your Garmin NMEA 2000 plotter and VHF
- Full Class D Digital Selective Calling (DSC) with built-in DSC receiver
- VHF 315i fits for **EMEA** / VHF 315 fits for **US/Canada**

PRESTIGE F4.9 - OPTIONS

Fantom 18x - Solid-state radome with MotionScope Technology™

- **50 W Solid-state dome radar** (Low power consumption, instant turn on and no warm up delay)
- **MotionScope™ technology** uses the Doppler effect to detect moving targets so you can avoid potential collisions
- Basic features: Dynamic Auto Gain, Sea Filter, MARPA support, Radar overlay, Guard zone
- **Advanced features:** Auto Bird Gain, Echo Trails, Pulse Compression, Target Size, Dual Range
- Excellent close- and long-range detection from 6m to 48 nm

AIS 800 - AIS Transceiver Black Box

- AIS Transceiver Black Box
- Integral splitter box
- Integrated AIS target data with information displayed directly on the chartplotter
- **ClearTrack™ technology** ensures that reception is uninterrupted
- Alarm (CPA) via Radar to avoid collisions
- Integral GPS receiver and Dual channel AIS receiver
- Class A and class B reception

GMR™ Fantom 54 - Solid-state Open array radar with MotionScope Technology™

- **50 W solid-state open-array radar with pedestal** (Low power consumption, instant turn on and no warm up delay)
- **MotionScope™ technology** uses the Doppler effect to detect moving targets so you can avoid potential collisions
- Basic features: Dynamic Auto Gain, Sea Filter, MARPA support, Radar overlay, Guard zone
- **Advanced features:** Auto Bird Gain, Echo Trails, Pulse Compression, Target Size, Dual Range
- Excellent close- and long-range detection from 6 m to 72 nm

GT51M-THP - Scanning sonar transducers

- Perfect for the coastal and offshore fishing
- Provides clear and crisp fish arches with superior target separation as well as clear pictures of objects, structure and fish that pass below and to each side of your boat
- Traditional CHIRP : 600W (mid-band CHIRP 80-160 kHz)
- CHIRP ClearVü/SideVü : 500W (CHIRP 260/455 kHz)

GTV5 - TV Sat Domes (Dummies)

- Pair of empty TV Sat domes
- 45 cm diameter antenna
- Dummies units only

GC200 IP - Marine camera

- 2.0 MPixel 1/2.8" SONY STARVIS CMOS
- Resolution : up to 1920 x 1080 pixels
- Viewing angle: 99.0° x 74.0°
- **Automatic infra-red functionality**, for day/night (and low-light conditions)

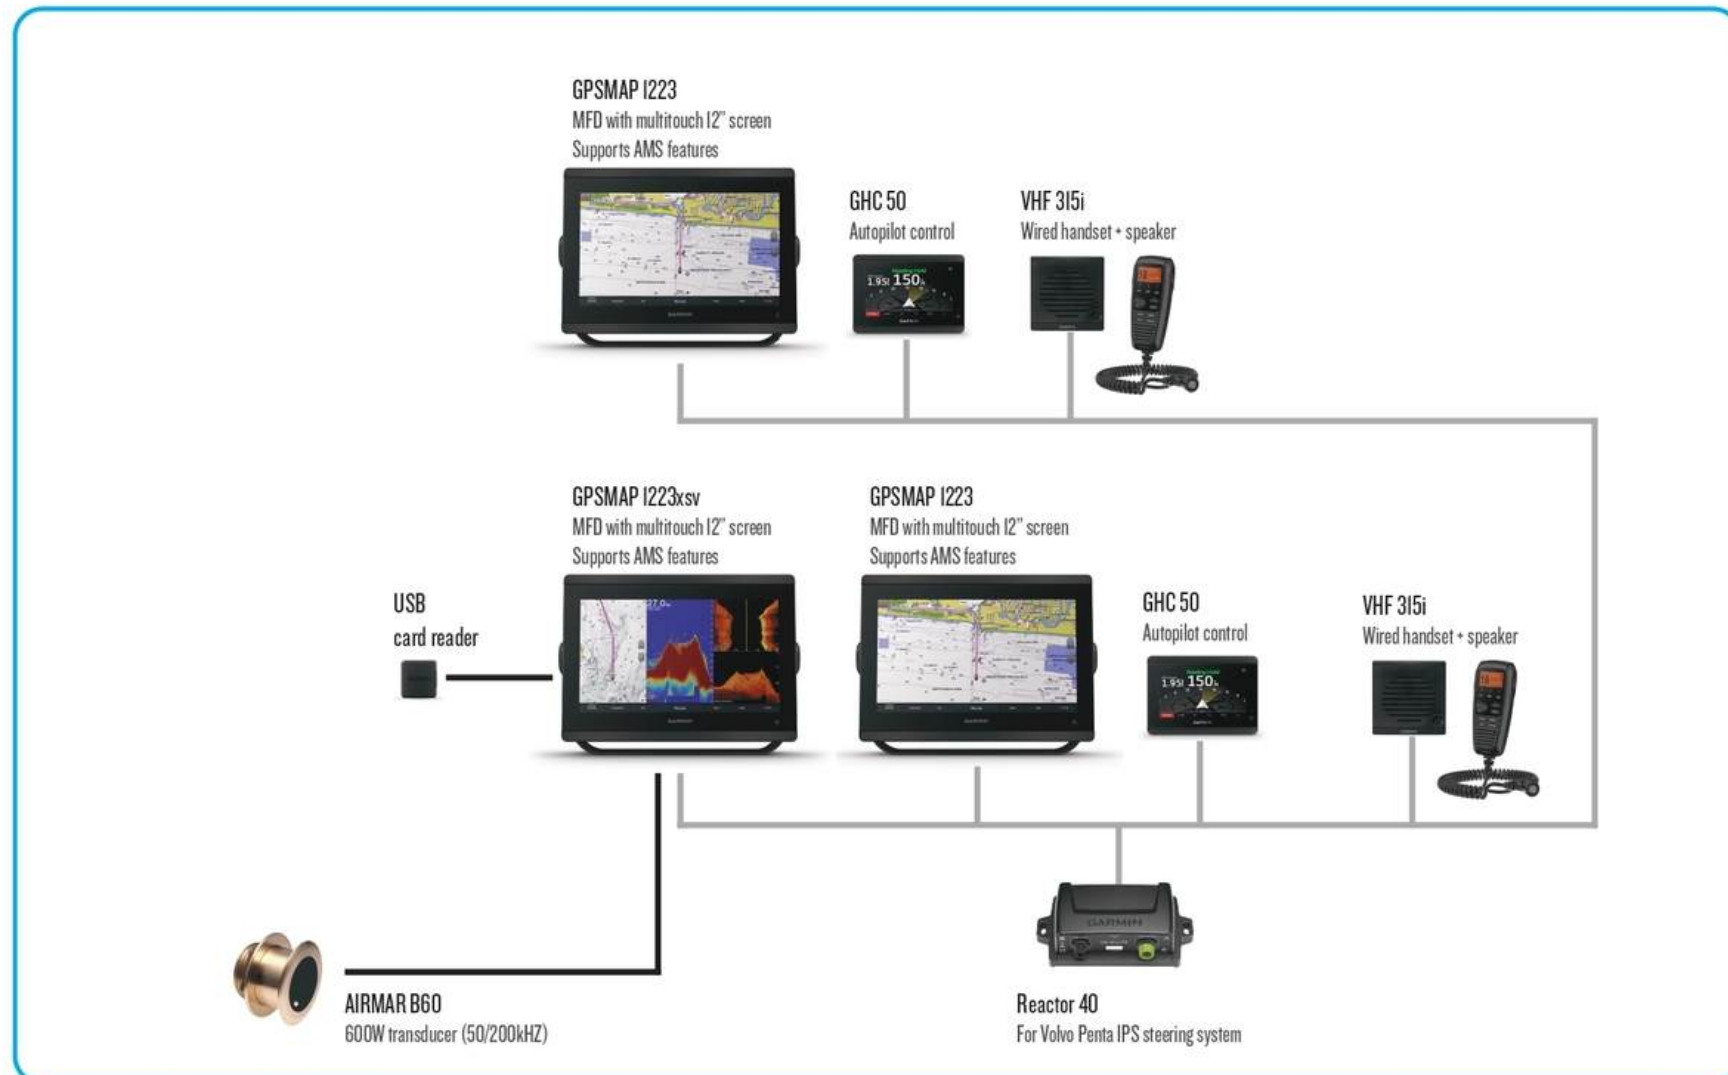

Surround View Camera system

- Live **Bird's-eye view** helps you maneuver your vessel.
- Dock and maneuver in tight confines with **full 360-degree helm visibility**
- **Visual Bumper** feature helps the captain see when docks, piers or other objects breach preset barrier limits around the boat.
- In tight maneuvering situations, **distance markers** around the boat provide visual cues to help maintain safe clearance and separation
